

CORRIGENDUM NO.1

CEFTA TRACES NT Maintenance, Expansion and SPS Digital Systems

Support

CEFTA SEED + 2026-06

To Additional information about the Contract Notice

Following changes in: Additional information about the Contract Notice, CEFTA TRACES NT Maintenance, Expansion and SPS Digital Systems Support

Section 16 (Selection Criteria), and its section 3 – Technical Capacity have been made, as below:

Instead of:

3 Technical Capacity, Criterion 1:

.....

Criterion 1: The tenderer has successfully completed services under at least two (2) distinct contracts implemented at any time during the five (5) years preceding the submission deadline, **one of which had a value of at least 1,450,000 EUR**, in the area of development, implementation, support and/or optimization of complex information system, including the following: electronic documents or certificates processing, data exchange and/or workflow management, interoperability and secure data exchange between multiple information systems or administrations, and development and/or maintenance of APIs, web services or other system to system integrations for exchange of structured data with external systems.
